

Your Celebration with Fabby-Do!

We are looking forward to your celebration with Fabby-Do!

This document outlines the key items to consider as you plan for your big event!

Confirm before Event - Headcount and Pizza Order:

Your final headcount is due Wednesday before your event, along with your pizza order for Jules Pizza.

Your headcount is final, meaning you cannot add or subtract from order once it is placed. We can prep over 150 children in a weekend, and need exact headcount.

Crafts will only be available for the headcount provided. Additional attendees will not be included in the craft portion of the event.

Children who are absent can take extra craft kit home with them, or you may opt for gift certificate for balance to be used within a month of your party. (Note: party balance gift certificate will expire one month from party, no exceptions)

Pizza order must be placed through Fabby-Do, as we order our catering for clients for the full weekend, so Jules will deliver on time. Your pizza order is due to Fabby-Do on the Wednesday before your event.
